Enhancing Life

**Thursday, March 28, 2019
12:00PM–1:00PM EST**

This webinar will explore the topic of culture change, and how to move from being task-focused to people-focused. Resources will be shared to support long-term care homes interested in putting *living* first and creating a culture where everyone – residents, family members, and team members – thrives.

BY ATTENDING THIS WEBINAR, YOU WILL...

- Understand what culture change is and why it's vital to resident, family and team member quality of life.
- Learn about the *Working Together to Put Living First* guidebook and other resources that are available to support culture change in your long-term care home.
- Leave with practical strategies and resources to start making change.

Would you like a copy of the *Working Together to Put Living First* guidebook? Complete the survey at the end of the webinar and we'll send you one FREE of charge! (Ontario only)
